INTRODUCTION

Following the custom among refined people, we have published a BLUE BOOK for the last nine years that has been recognized by the press, influential citizens, and the leading business men as reliable and authentic. What was at one time thought to be a useless expenditure of money in publishing a Classified Society List, has changed to such an extent that our prominent people regard the BLUE BOOK as a necessity in every refined home. ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀

As a community we occupy an enviable position in the sisterhood of States, and our many attractions for residence and exclusive association have received the unqualified praise of noted travelers and prominent personages of the world, and we have gained a wide reputation for politeness and hospitality. ❀

We have added several new features to the BLUE BOOK in ornamental and artistic pictures in the classification and headings. A number of private residences are shown, which gives an index of the attractive and luxurious Californian homes. No expense or labor has been spared to make the work accurate, reliable, and a ready reference for those who belong to the literary and social clubs and to the business organizations. ❀ ❀

We acknowledge the valuable assistance rendered us by society people, and we believe we have the full indorsement of those who are capable of a close and critical judgment, in pronouncing this work—in make-up, arrangement, typography, and careful scrutiny—superior to any other of the kind published in the United States. ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀ ❀

SAN FRANCISCO

Street and Avenue Guide.

TO THE RESIDENCE PORTION OF THE CITY OF SAN FRANCISCO.

EXPLANATORY.—On any street the relative location of any house in the residence portion of San Francisco is found by running down the column of figures, which are the numbers at the crossing of streets that intersect it. For example, to find 1820 Pine street, it will be seen that it is between Gough and Octavia, and on right hand side (all even numbers being on right hand side, commencing from Market street). Again, 1719 Jones is eighteen blocks from Market, between Broadway and Vallejo; it being an odd number, is on left side of street.

NOTE.—Each block is allowed 100 numbers. The cross streets which have no bearing on numbers have been omitted. The *even* numbers *only* are shown, the *odd* numbers being on opposite side of the street.

Chicago, March 12th 1896

Messrs Sherman Clay & Co
San Francisco Cal

Dear Mr Sherman,

I consider it a most pleasant duty to thank you for all the kindness and attention you have shown me during my visit in San Francisco. It is almost useless on my part to say anything in praise of the magnificent Grand Piano you furnished me at the Hotel, during my stay in your city; it was a "Steinway" and that says everything. But I wish to draw your particular attention to the new style upright Piano, which I used during my Southern tour in my private car. It is a marvel! In touch and tone it stands unsurpassed by any Parlor Grand Piano.

With kind regards

believe me,

Yours very truly

J J Paderewski

Napa Soda Springs.

THIS favorite watering place, summer resort, and mountain Spa, is yearly growing in favor, as its merits become better known. Besides being most beautiful naturally, it is one of the most healthful of our pleasure abodes. This was officially determined and declared by the commission of learned doctors appointed by the Legislature of California

to select a suitable locality for the erection of a State Hospital for Consumptives. This body of medical savants consumed two years in their investigations. They examined every portion of the State, east and west, and from the northern line to the southern boundary. They took into consideration all the elements that affect the lungs—dryness and humidity of the atmosphere, its rarity and density, heat and cold. After having given all points due consideration, they finally reported in favor of the neighborhood of Napa Soda Springs, on the East Napa Range. The mean

temperature of that point for July is 74 degrees, and for January 54 degrees. These designations are considered the best in the State for consumptive patients.

An admitted medical authority on health, in pointing out the "Best Climate for Invalids in California," says: "So far as statistics are obtainable here, we can safely say that the mountain ridge east of Napa Valley—it may be called the East Napa Range—is unparalleled in the combination of dryness of the atmosphere with mildness and equality of temperature.

We, the undersigned physicians, practicing in the City of San Francisco, have examined the result of the analysis made of the water from Napa Soda Springs of California. The water, according to this examination, possesses aperient, anti-acid, and fine tonic properties, which cannot fail to be very beneficial in the treatment of chronic diseases, and affording a pleasant, healthful and invigorating beverage:

A. F. Sawyer, M. D.

F. A. Holman, M. D.

A. J. Bowie, M. D.

and fitness for camping and spending the greater part of the year in the open air. From one thousand to fifteen hundred feet above the sea is the most desirable altitude. We believe that no other part of the globe equals the East Napa Range as a resort for consumptives."

The waters of these springs have been on the market for thirty-five years, and during all that time have been freely used by the most successful physicians in the sick room, who unhesitatingly give their willing testimony in its behalf, as follows:

W. F. McNutt, M. D.
H. H. Toland, M. D.
R. T. Maxwell, M. D.
Wm. Jones, M. D.
J. M. McNulty, M. D.
J. C. Shorb, M. D.
J. H. Stallard, M. D.
C. G. Kenyon, M. D.
J. L. Meares, M. D.
J. D. Whitney, M. D.
A. M. Loryen, M. D.

From a late number of the "Pacific Medical Journal" we take the following: "As an auxiliary to proper medical treatment in gastric catarrh, torpidity of the bowels, kidney and bladder disorders, anaemia, etc., etc., as well as a refreshing, wholesome table water, nothing on earth excels Napa Soda."

Besides being the leading health resort of this State, the Napa Soda Springs are a most beautiful combination of attractive features in both art and nature. The buildings are of comely architecture, built of white stone quarried from the hills and their arrangement is upon the most approved plans for comfort, convenience and enjoyment. Surrounding them, and filling the entire air with the aroma and fragrance of their plethoric fullness, are orange and lemon trees, pomegranate, lemon verbena, palms,

250 varieties of roses and oleander. Clematis, camellia, pansies and violets in boundless profusion.

Nothing has been forgotten to give pleasure and comfort to the guests. Winding paths lead with gentle grade to waterfalls and commanding peaks; cosy retreats invite to their grateful shade; lawn tennis and croquet grounds tempt the gallant beaux and belles; swings serve the children, and a band of trained "burros" (donkeys) just set the young masters and misses wild with their delightful abandon.

A new swimming pool, with naturally heated water, adds its tempting luxury to the other attractions.

On the whole, there is no place on the Pacific Coast that offers more inducements for a visit than Napa Soda Springs.

Hotel Del Monte

A SUMMER AND WINTER RESORT

Tavern of Castle Crag

A NOTED SUMMER RESORT

Hotel Del Monte

Few great watering places are called upon to adapt themselves to the vagaries of seasons, such as are implied in the proud distinction, "Open all the year round."

Hotel Del Monte is one of the few, and admittedly the leading one of the world. It is so favored by nature that it is always attractive, and its varied social hues from one season to another are a most interesting study.

The holiday season, when many great resorts are buried in solitude, snow, and like forbidding environments, is exceptionally brilliant at Del Monte. The first society of neighboring cities and some from abroad assembles there for a week or two of delightful festivities.

The weeks that follow, far into the Spring, witness a lively flow of Eastern and foreign visitors, many of whom have come to regard Monterey as the mecca of their annual pilgrimages.

In summer, when all California goes outing, Del Monte is the refuge of hundreds of society devotees who seek restful quiet—and for just the rest that is most refreshing and beneficial no place could be better suited. The atmosphere is pure and balmy, and there is much to entertain that does not fatigue.

Autumn at Del Monte is anything but sombre. Its early rains have cleared the air and settled the dust on its beautiful drives. Coaching and lunch parties, and other forms of cut-door recreation are of almost daily occurrence.

But Del Monte is always a paradise, whether in winter or in summer, and its seasons differ from each other only as one star differs from another in glory.

Tavern of Castle Crag

The Tavern of Castle Crag is a mountain resort pure and simple, but enjoys the enviable reputation of being the leading one of its kind in the West. Being under the same ownership as Hotel Del Monte it naturally follows that only the best is considered in its maintenance, and visitors are always assured of first class entertainment.

Its location is one of its foremost charms. It is one thing to be merely in the mountains, but it is quite another thing to be in the great Shasta mountains comfortably housed at the Tavern. When the builders selected the site it was not merely with reference to room for hotel and grounds, but quite as much with reference to picturesque surroundings and convenient communication with neighboring attractions. With the frowning Crag on one side, majestic Shasta on another, and the entire surrounding scene a panoramic succession of nature's sublimest moods, at first it palls on the senses, then it excites awe, and soon one's whole attention is absorbed in wonder and admiration. The scene never tires and never grows commonplace.

The builders have beautified the immediate surroundings surprisingly and made comfortable trails to a great many points of local interest in the vicinity. Resorts of note, first class hunting and fishing, and mountain climbing to suit any taste are within easy reach. Excursions to Mt. Shasta are frequent, and the ascent of the precipitous Crag is quite the thing.

The Tavern itself is a creation of rare interest. It is so roomy and cheerful, and there is such an easy, comfortable presence about everything. It is open about four months during the summer, but a taste of life in the Shasta mountains under such delightful conditions is ample reason for its existence.
